History

Founded in 2018, iMOBii has grown from a regional technology reseller into a trusted multi-brand IT and AV solutions provider. Today, we serve enterprises across India with genuine products, certified integration services, and long-term technology partnerships.

Integrity • Innovation • Customer Focus • Excellence • Reliability

Vision

To become India's most trusted and preferred partner for integrated IT and AV solutions, enabling businesses to achieve digital transformation with confidence.

Mission

To empower enterprises with high-quality technology products, seamless multi-brand integration, and exceptional customer support that drives efficiency and growth.

We prioritize trust, clarity, and long-term partnerships by offering genuine products with dependable service and customer-first support at every stage.
